

COVID Stops With Us Recognition Program

The COVID-19 pandemic has placed great stress on everyone, from the medical community, education community, and business community, to the family itself. Even though the pandemic has resulted in an unprecedented crisis, we have also seen individuals rise up to meet the challenge. We want to recognize them for their efforts.

The COVID Stops With Us Recognition Program is housed in the offices of Kirksville Regional Economic Development, Inc. (K-REDI) in the City’s Economic Development Alliance Building and will accept nominations for recognition in the following categories: Medical Champion, Education Champion, and Community Champion. The nomination form can be turned in at any time and a selection committee will review and select individuals to recognize, once a week, for the next six months.

Medical Champion: A person in the healthcare industry or emergency operations who has gone above and beyond the call of duty to take care of patients.

Education Champion: A person in the education sector who has gone above and beyond to provide for the students, teachers, or parents of our area.

Community Champion: A person from the community, a business, a family, etc who has gone above and beyond the call to help fellow citizens during this time of need.

Recognition will include a release on social media and local news channels and a certificate suitable for framing.

How to nominate: Fill out the application (feel free to attach narrative sheets as needed), and email to: cchrisman@kirksvillecity.com

Nominator’s Name: _____ Nominator’s Phone and Email: _____

Champions’ Name: _____ Champions’ Phone and Email: _____

- Medical Champion
